Oh Rich!! I was totally thinking I must contact you...I feel so so terrible for [REDACTED] I went and visited her yesterday and she was surprisingly upbeat...of course we went through the gamete of emotions, but we had a really nice visit. So sweet of you to reach out. I think [REDACTED] will be as good as she can be when you are away...I'm sure she would love to see you if you happen to be in the city at some point...will keep in touch. Enjoy your London vacation... [REDACTED]
