Paula  
Kellen recommends avoiding Muskie fishing. Very slow he says The bass fishing is among the best in the US. He said Marcel is excellent. I will share the number. He is available if you have questions. Tim

Tim,  
I am trying to organize a fishing excursion on Lake St. Clair for us and another family that will be here to visit us in early August. We have one option with this guy:

Capt. Kevin Backus  
Mr. Muskie Charters

But I thought perhaps you might know of someone else? I know it is sort of a random question to throw your way but I just remember our conversation about how big of a fisherman your son is! I know Kellen fishes on your lake but I am sure he is familiar with the big lakes too!

Please say hi to Michelle. Let's try to do dinner again before the season starts!

Thanks,
