Hi Lyn...I am positive you can get yourself a phone for while you are in the Philippines...but I think it would be best to do once you get there...I'm sure they have stores around that sell something you can have for a month...

I looked on the internet and see lots of options, but I know when people travel here to the states they go and get a temporary phone or sim card for their own phone from an ATT, Sprint, Verizon (etc) store...
