We don't need this in NY or Paris. We don't need it at all. I was merely trying to find out if it was possible to order one of these in Paris and send to [REDACTED] daughter because we can't ship one from NY to Paris. We do not need one here in NY. We have one already! I want him to cancel the order completely

Hi Les,
He said he had purchased it but put the NY address. He didn't say that he had ordered it again

So sorry Valdson! Please CANCEL this order.
[REDACTED], can you make sure Valdson cancels this order. I was only asking if it was available in Paris! Sorry for confusion. I didn't want him to order it!
