Hi Lelsey,

We need to organize a private CPR training for Jeffrey's staff at 9 E 71st.

Below is the email from [REDACTED] with the suggested provider details. Could you please call them and see if you could organize a course at 9 E 71st. The training should cover CPR , AED (defibrillator) and choking.

We are leaving in the am on Thursday, so any time after that until the 15th should be ok for the training. I will double check who should participate, but for sure [REDACTED] Jojo, Merwin and Leo.

Thank you!

Hi Karyna,

This could be a good choice for the CPR in - home training:

CPR 123 does provide a concierge on-site CPR training for non-licensed health professionals.

Contact for CPR 123:

Kelly Coventry
