Honestly i am in shock and I am sorry to harp on this, but... My cleaning lady blanca came on her own about 5 months pregnant yesterday. I came back and my place was spotless. A job so superior to [REDACTED] and Leo together!! I don't understand how this is possible. She had managed to actually unpack the dishwasher (somehow they never did this even if I ran it before they came) and every surface in my apartment looks like dust never existed. Just a complete different job.
