Hi Lesley!

What is Jeffrey's last name?

Best,
Ciera

This will be done at Jeffrey's home again: 9 East 71st Street between 5th and Madison (across from the Frick Museum) Please send the kit here as well (let me know when you will send and how so I can alert the house)..FYI-no one will be there over the weekend...

Please let me know the name and phone number of the nurse who will be coming..thanks

Great! And where will this draw be taking place? Please send me the address, along with cross-streets.

Please also indicate what address I should sent the kit and paperwork to.

Thank you!

Best,

Ciera

Thursday, February 4th is perfect!

She can come at any time – what time would work best? The time of the draw will determine when he needs to stop eating/drinking the night before. We ask that patients be fasting for at least 10 hours prior to the draw...

Best,
Ciera

Hi Ciera. thanks for the clarification! I have down for Thursday 4th! How early can the nurse come? Should he fast from midnight the night before on? thanks, Lesley

Hi Lesley!

I just want to clarify the date – below Dr. Attia mentions “Thursday February 3rd”, but the 4th is actually Thursday...and then let me know what time would work best for Jeffrey. As Dr. Attia mentioned below, this draw will only take about 20 minutes, and it is a fasting draw.

Thank you!

Best,
Ciera

sounds good! thanks

Ciera, I will await to hear from you the details...

Hi Lesley,

We're going to have Jeffrey's blood drawn on the morning of Thursday Feb 3.

Ciera will coordinate the exact time with you, but it needs to be in the morning before Jeffrey eats anything.

It will only take 15-20 min (vs. the long test we did last time).

Thank you!

P
