Hi Brian...did your friend get back to you? I picked up some paper bags today from the grocery store but need more and can get more if this is the way they would like to receive the packages!

Hi Jim,

I have my son's basketball team putting some kits together. I know that you guys are packing on the 23rd. How do you want it delivered to you?
I think you said we put the stuff in bags and then you box it?

Please clarify.

Thanks,

Brian
