Subject: Cleaning of Sue's apt tomorrow

Hi [REDACTED] needs to clean some things up off the floor of her apt before you come tomorrow. She thinks late morning arrival will work but will firm up with you tomorrow. Why don't you plan on 11am and if she needs you to come a bit later she will let you know. (But sue not too much later as I'm sure Tess wants to start and finish you up all tomorrow!). Thanks. Lesley
