Dear Lesley,  
We have arrived and found the piano. I can see the pleasure that Ehud had to see it as he dreamt. He didn't unpack or anything, and straight away went to the piano. He is playing since (but I don't hear a thing as he is with the earphones. Great). Thanks.

Can you please give me the swift bank account so I can transfer the payment. Please let me know the total sum with tips and everything.

I brought the signed paper for the anniversary. How would you like to receive it?

The flight was long and tough this time, but we are glad to be here. A lot of changes in the apartment. It looks like home.

thanks,  
Nili
