Thank you for checking Brianna...unfortunately I have tried and tried to reschedule and finagle with Jeffrey's schedule but to no avail. We so appreciate the 9:15 tomorrow but will need to cancel. Jeffrey will be back in November...once I know when he will truly be in NY I will circle back to you...I will save the paper work you gave me and be sure to get your 3 questions answered as well. Jeffrey did tell me it is L5 and S1 (I am sure you know what this means!) Thanks and I will come back to you soon.

Good morning,

Unfortunately Dr. Rawlins is completely booked tomorrow, the only available time is 9:15AM.

Thank you,

Brianna

Thank you Brianna. Greatly appreciate this. Might it be possible for Jeffrey to come see Dr. Rawlins at 10:30 or 11am tomorrow?

So sorry to have to ask! Please do let me know if possible. Thank you, █████████

Good morning,

I have attached a questionnaire to this email for the patient to **_please complete prior to his appointment and bring with him_** to his consultation with Dr. Rawlins on October 27, 2015 at 9:15A along with any relevant radiology imaging and reports related to his spinal issue.

I do need to know the following information prior to the appointment:
- Leg or arm pain? How long?
- Injections? How many?
- Pain medication the patient is taking and if he is pain management.

We are located at 523 East 72nd Street on the 2nd Floor in-between York Avenue and the East River.

Thank you,

BRIANNA DOYLE
