Hi Catherine...wanted to just send you an email with the particulars!

We have 66 brand new laptops for you! (FYI-one of the boxes indicates 64 laptops for some reason, but I am told that is NOT correct and there are 66) They are in their original boxes so should come with everything you need. They laptops have been boxed in approx. 7 big boxes all wrapped in bubble wrap for protection. All these boxes will definitely not fit in a car...they may fit in a Suburban with the seats folded down...the lap tops are here at Jeffrey's house (9 East 71st Street between 5th and Madison)
