Good morning Lesley,

Hope all is well. I'm not sure if Jeffrey is still on here or not. If he is, I hope I'm at the airport when he's leaving. Can you ask him if he has anything for me that I can look into or engage in in the meantime while I wait for the course he recommended to me to start in January? I've been doing enormous reading on the fundamentals and research to keep myself engaged, but I don't want to detour too much into directions that are not efficient for me.

Thanks again and take care,

Good day Lesley,
Hope all is well with you! Jeffrey and I had a brief conversation when we last spoke and he recommended that I applied for a course that he thought was phenomenal and necessary for what i'm trying to achieve. I'm away right now getting some rest, but will be back on St. Thomas on the 10th and will move forward and apply for the course, the one that's scheduled to begin in January, but it's deadline to apply is in December. Can you please inform him that i'm totally committed and will be in that 12 week course and hopefully I get to speak to him when he returns to St. Thomas again.

Thanks again,

Hi Lesley,

Yes, I am working 9-5 today, so I will stay until he gets here and listen out for when they announce for a pre-clearance flight, that way I don't miss him pre clearing, so that works out perfectly.

Thanks,

Good morning Lesley,

Tomorrow I'll be instructing a class from 1-9pm for work, but I will make the time in the morning to come to the airport if he needs me to. I will be there before he gets there, since I won't be able to go on the ramp due to not being in uniform at that time.

Thanks,

Good day Lesley,

Could you let Jeffrey know that I completed the courses that he recommended me to Look into. They are very informative, which answered some questions I had pertaining to finance as well as refreshed some aspects I needed to brush up on. I will go back through most of them over the course of the following weeks to keep abreast on the topic until he communicates with me again.

Thank you,
