Thank you Lesley! I feel bad you had to do it today..

Couple of things to fix in the application:

#30 Itinerary: should say the airlines, flight number and the route: you can put Austrian 90, Austrian 687

Newark-

Vienna-Minsk

for #19: we can put up to 90 days for a short-term visa. Let's put validity from Sept. 11th till December 8th, 2015. We can apply for a long-term with this passport, since it expires in June 2016. For a term of stay put 15 days

We also need a letter from his insurance company

OK, thanks... had a very nice time. My sister lives in the 'sticks' so very happy I saw your email before we left!

...a couple of things:

-Question 19: We are asked for "the term of visa validity" since you requested "multiple" I put Sept 11, 2015 to Sept 11, 2017...but said the "term of stay" will be 5 days. I am not sure if this is correct ?

-Please make sure the passport # on this form matches with what you are taking. I am almost positive we swapped the 10 year passport back in to JE's black bag and put the 2 year one in Jeffrey's private box in his bedroom (?) But if not and we need to change the number on the application to match the 10 year one, let me know.

I will scan and email the form next...!!

Hi Lesley,
Jeffrey wants to get a new Belarus visa. He wants me to go to the embassy tomorrow morning, since I am leaving Wed night for Paris. Can you please have all the papers ready for tomorrow. He will be applying for visitor's visa (private visit) with expedited processing time. All the info should be the same as last time. Please see the requirements below:

http://usa.mfa.gov.by/en/consular_issues/visas/

I will do the letter of invitation at the embassy.

Thanks,
Karyna.
