Subject: by any chance do you have record of...

By any chance do you have record of the Berkeley Properties account number we used with Bankwell? Any check that was cashed maybe from that account? We want the bank to provide us with every transaction for our records (so we have a total spent on the house)...they are telling us they can't look any of this up for us with out an account number...and I can't find anything...

when you have a moment, can you take a look in your records for us?! :) [REDACTED]
