It was probably cut and pasted. I tried to go back and look where he was first inserted and it was on something I sent you to review lolol. I also went back to see if JE had emailed me without CCing you on it in case that was the case but I didn't see anything.

Good deal. I have no idea how Leon Black got on the dinner list. I thought Jeffrey had spoke. To you directly. All I can figure is leon's info was pulled from elsewhere in the itinerary (somehow cut and pasted?) not sure . I can go back and try to see where it was first inserted.
