Hi George...hope you are well and enjoying the summer some! We have a few items we are hoping you could come over and help us with. Ike purchased a new DVD machine for our basement and needs you to help with that as well as the sound in our family room is not working properly..in order to make the sound go up or down you must point the remote to the closet instead of the TV...Might you have time to come over July 13, 15 or July 22 and on?

Also wondering if you install security systems (like we can get from Costco)?

Please let me know what will work.

Thanks, [REDACTED]
