That is odd! Ok well I'm glad it's working and the boxes are there.

Hi [REDACTED]
TV in 11J is working, Tes just tested. Don't know what happened when Larry was in the apartment. Box is connected. Merwin, as we have only one TV in the apartment please ask Leo to return the second box to Time Warner.

Thank you,
Bella

Bella,
Both cable boxes are in 11J and one of them is connected to the tv and it's working fine.

Thanks

Hi [REDACTED],
They do not watch cable TV there, they watched movies from their laptop connected to TV.
They bring their own cable each time now that connects their laptop to TV.
But I believe there was something funny with a cable TV when I checked it months ago, it would work, but not smoothly.

Hi Karyna...do you know if your parents watched TV while they stayed in apt 11J? Time Warner Cable says we should have 2 boxes in there, yet Larry (who stayed there last night) says there are no cable boxes...so we are just trying to figure out when they may have gone missing...I know your parents have been staying in 11J off and on for long periods of time...

thanks, [REDACTED] (and Bella)
