Jeffrey
Flight time NY to Geneva is 7 hours (6+56min), tailwind +40kts

Weather for Geneva for Tuesday is Sunny skies with 92 degrees
Paris weather for Tuesday night is Sunny skies 92 degrees,.

If we depart **10pm tonight**, arrival time Geneva is 11am Tuesday morning in which I have obtained an arrival slot into Geneva, clear immigration and should be viewing BBJ by 11:45am
I have reserved a Departure slot out of Geneva at 2:45pm to Paris if this works for your schedule?

arrival Paris would be 3:40pm Tuesday.

We will arrive at New FBO in Paris called JetEX / offered me 3 days for free parking and low fuel price, I'd like to try them on this visit.

Is 10PM wheels up acceptable? Slots in Geneva are slim, deviation arrival time is limited,.

thank you,
Larry
