Hello Andrew...our pilot, Larry, stayed in [REDACTED] last night and says the air conditioner in the living room is not working...it doesn't turn on...can you please have someone have a look later today or tomorrow? Larry should be leaving in a couple of hours...

Please let me know when we can get someone in there...Karyna's parents are coming to stay in this apartment for over a month starting this Sat. June 27th...

Thanks, Lesley
