Subject: Apt 8A!! and your sisters

HI [REDACTED]...can you please let your sisters know that tomorrow Gregory and Anthony (who work for Jeffrey) need to stop by the apartment to look at outstanding renovations that need to be completed (I understand there is a hole in the wall that needs to be repaired! So sorry about this...I thought it had been completed) Gregory and Anthony will knock on the door of 8A sometime between 10am and 5pm...I am not sure what time they will be there...but they need to get in and have a look.

Can you please tell your sisters to expect them...if they are not in the apartment, they will just go in and have a look around...they are trustworthy and there is nothing to be concerned about

Please confirm back to me...thanks, Lesley
