Hi Joscha...a couple of things...You will now be staying in apartment 10B...the code is: 10067. Also, on Thursday new blinds will need to be installed in your apartment...the installers will be around from 9am-5pm and will be installing in all of Jeffrey's apartments....is there a time on Thursday that is more convenient for you to have them come? If possible, we will try to accommodate...

sorry for any inconvenience!

Thank you,
