Your hose bibs froze. You have to turn the water off in the winter time. Norman does not know everything and he is not a plumber. Did you try calling Mike? Call him and if he doesn't get back to you I will call him.

Hi Bob, I am afraid we are in need of Mike the plumber. We just had Norman over to see if he could fix all our leaky outdoor faucets and he says they were installed incorrectly. something is a miss. If you wanted to call Norman, I'm sure he could explain to you the problem. he was going to try to fix, but says it should really be done by the plumber.

Norman Romero: [redacted]

Do you think you could help in getting Mike over here? It appears to be all the outdoor faucets.

Let me know what gutter guy said.

Have a very happy easter~!!

We are away all next week on spring break, but if Mike can come that is fine as it is outdoor stuff. I don't think he needs inside?

Thanks so much, Les
