Subject: painting...

[REDACTED], wanted to let you know the painting that arrived that house a few weeks back that you wanted to make sure JE saw and you said would eventually go to the island...well, Jeffrey saw it, but I am not sure what he ever decided to do with it...I asked him a few days later and he never responded...just wanted to let you know in case it did not go to island and before it gets lost...last I know Merwin had it!
