>> Yeah I called. I'm sitting here stuck at the Philly airport. Already had three flights cancelled over the last two days. Looks like my flight tonight to Albany may also get cancelled. Can't get out of here till possibly tomorrow night which then I may say "Fuck This!" And just fly right to NYC. If that's the case, is the apartment open? I can always make other arrangements with my Aunt Sheila on Staten Island & a crack whore I know in Harlem. But those don't sound like pretty options... I could suck it up and make the four hour drive to Albany or shoot myself in the head. Just asking. ♦♦
