Considering that is the only picture [REDACTED] had and we need two pics for the app can you please make several more copies of the pic?

Hi [REDACTED] you please tell us where the passport pictures are of Jeffrey that [REDACTED] took most recently? You were using them for the Russian Visa app you were helping with....you gave one to [REDACTED] the other day...I would really like to keep them in an envelope here at the office...[REDACTED] is in need of 2 pictures...
