[REDACTED] says the reporters are hounding her...one got past her doorman again...she is being told by the reporters that she was indeed on the island when Virginia was there (it states so in [REDACTED]'s testimony and perhaps a flight log-she wasn't sure on that) But [REDACTED] is asking if she could get [REDACTED]'s testimony where she is mentioned...[REDACTED] feels blind sided by these questions...it was so long ago, she doesn't remember every detail. [REDACTED] is also asking if she could speak with your PR person because she needs help on how to answer these questions...she says she needs your help and is asking if your PR person could call her or if you could give her the PR name and number for her to call.
