Russel, Rich asked that you give him a call... [REDACTED] when you have a moment re Gregory...

Ok That's fine, Obviously, I do do not want to upset the apple cart, speaking with Gregory, We are doing the billing, so I'll send it to Rich for the month for Gregory (as if he is there the full month) tell Rich to hold it to the end of the end on the month,, (don't pay it now) and we can calculate a readjustment if need be, If he finishes it ,then he can process it as is, otherwise just let me know and we will readjust (like did before ) due to some time off, Thanks so much Lesley,also, should I keep the portfolios coming?

HI Russell!! Happy New Year!  
Gregory has been very busy helping with all the new furniture that was ordered for the apartments...I did let Rich know you were asking about how long Gregory will be around...at the time, Rich did not know...Let me see if he has a little more info now...

> Hi Leslie, Happy Holidays ,,,,Just wanted to circle back to see if Gregory is still on board for another month or if he was released, As you know I have been keeping up and I will keep looking for others, I just wanted to check the status and I do not want to send January's invoice to Rich if he is no longer there, or if the plan is a partial month then I need to adjust to reflect the proper time, and of course Its better to ask you then to ask Gregory..So any insight would help as I happen to be doing the monthly billings.:)
