Hello [REDACTED]

Based on the pics, the AMT885 will definitely wok to replace the Vision elliptical in the picture. I think the INspire Ft1 will work best in a corner. See below link.....thanks

Good morning [REDACTED]...

Jeffrey would like you to take a picture of his current gym equipment and space and send to [REDACTED] who is cc'd here, so he can see the configuration...

████████ Jeffrey said the last link you sent was better, but he is wondering if  
there is a corner version...

Thank you! ██████████
