I'm glad in the end things worked out. You were able to put your furniture in a storage area at 301? So now the unpacking begins! ugh... In a few weeks this will all be a distant me memory! Did you speak to JE about getting reimbursed for the move? I let him know about the need to put the move on hold for an hour while the elevators were being used for Trick or Treaters... :) Lesley

Omg Lesley ! So sorry I just saw your email now?! I think I accidently opened w/o reading it ...wow your move sounds a lot crazier ! Haha yeah such is life. You are right, nothing we can do but accept things and relax... You are the sweetest person I met, thank you for your support and organizing all:))) yes guys were a bit cranky but at the end all went well. But the worst part is that it isn't a final move yet so too early to relax :(
I don't know what Jeffrey were thinking of when he said that Jojo will help me to move all stuff in his car. Two of us had the way too much stuff that would never be delivered by JE's car il even by going a few rounds)) I know he tried to be nice) those guys charged us \$ 660 w tips which I think was quite a lot for the fact that we packed most stuff by ourself in our own boxes and I had a few furniture. Ahh I don't know. Anyway all is over for the moment :)thanks for checking on me . I hope you enjoyed the Halloween I definitely did lol

Morning [REDACTED]....did everything turn out ok? Did the movers wait for the elevators to come back up? Moving is NEVER fun...and can be stressful that is for sure...just have to roll with the punches. I moved my entire house July 3rd and it was the most grueling day ever...and then at 8pm (as we were moving the big pieces of furniture in) it started pouring rain! What can you do!

Please let me know what happened and how much the guys charged you...if you need to call me please don't ever hesitate...

:) Lesley
