Morning Tess...sorry you do not feel well! I have cc'd [REDACTED] here...I know she is due to return back to her apartment on Thursday (hence why she wanted it clean prior to Thurs) I would think Friday cleaning will be fine but would need to be done while she is not in the apartment...I'll let [REDACTED] get back to you with her schedule so you tow can coordinate the cleaning...take care of yourself...

:) Les
