Dear Eduardo,
Hello.

I put in a request in for the deposit to be wired as soon as possible.

As per my conversation with Rosana today,
any sample you do not have please match to a Benjamin Moore color for reference.

My clients houseman, Janusz will be in tomorrow to look over all that you are going to send me
on monday
so he can verify for the client that you have covered everything.

Thank you,
Gregory

Dear Gregory,

Thank you for your prompt response.

We would like to move forward with the paperwork so we can start
scheduling production.

Can you please request the wire, and have all the paperwork signed?

I understand you would need the samples, which we gladly will
overnight on Monday (for fabrics, leathers) but unfortunately we do
not have color chips for the furniture. Independently we would still be
able to adjust any changes within a week the deposit is been received.

Thank you,

Regards,

Eduardo

Dear Eduardo,

This paperwork looks fine except that the invoices that are noted as apt#2G & 8H should be changed to #2G & 10F.

That is a switch we are doing from our end, not a mistake of yours.

Also as I said to Rosana, I want real sample finishes to be able to determine that the color coordination is correct. I am not coming down there as I thought, because the client does not want any further delay in ordering.

Please gather them together as soon as you can.

Thank you,
Gregory

Good afternoon Gregory,

Please find attached the summary for PB w/ 20% off (please note, there is a difference in the total, due to tax and delivery been separated from NY)

The NY apartments are also finalized with 20% off, and tax is been removed considering we would be responsible for the freight out of state.

The NY "freight/ delivery" is separated on "NY FREIGHT PO".

We would need all orders, terms and conditions signed, once the wire is been received we start production.

All items will be stored in our Miami warehouse, until the total order for all apartments is ready.

Please let me know if you would have any questions.

Thank you,

Regards,

Eduardo
