Thanks, Fingers crossed, What I like about Gregory is that , he seems to get it , and is flexible to go with it, and make adjustments and show flexibility , Let's see how it goes,, LOL, at least his attitude seems to be in the right direction, ,Hopefully his work will be good enough.. Get home safe, and I will talk with you soon,,

Valerie spent about 20 minutes with Jeffrey...Gregory spent 35 min with JE then Jeffrey made him step out so he could have his lunch meeting...then Gregory went back in for another 20 minutes or so...I have no feed back from anything, but Gregory seemed good...It was great that before Gregory starts actually sketching he was able to meet with Jeffrey! we will keep our fingers crossed!
