I recd an email from Larry Summers assistant Julie... Larry goofed. He must be in Washington on 9th. They are asking if you can do dinner in the 8th instead. Larry will need to fly from Boston to NY so if dinner is ok for you on 8th they would like to know what time is good for dinner so they may book his flight.

Please advise if ok to have dinner with Larry Summers on 8th and if so what time.

You currently have no appointments for the 8th.
