Subject: Eva...

Eva is asking if you could help her find little items to help her decorate the Dubin Breast Center...like little ornamental things (a statue of an elephant, a vase, bookends, marble paper weight, etc...decorations...you know what i mean) Things that JE doesn't want and is just looking to get rid of...can you coordinate with her, perhaps early next week? I think she wants to have all organized by her luncheon on Sept. 29th

Please confirm back...thanks
