[REDACTED]
I am not sure if I will be in the office today or not. I am with clients most of the day but if not I will let you know tomorrow morning. I am sure we can still get it it's just a matter of making sure it matches what you have existing on the walls.

I am sorry to hear this. You may need to go with a smaller tile depending on the pitch so ask Bob of there is a specific size you need to go with. I will look when I get back into the office and see what size you originally ordered

> Vicki...question for you...We may need to redo our master bath shower floor. It is the 2x2 carrera marble tiles. Do you still have my plans? Can you give me a price on the tile? We feel like there is not enough pitch heading to the drain ...and we have standing water...we are in the midst of speaking with Bob, the tile installer on this. Bob says he can probably get the guy out to re do the mud job and reinstall the tile, but we will have to pay for the tile...
