Good Moring [REDACTED]

I am not sure if I will see you this morning but if it is at all possible to get a check today for 10,000.00 that would be helpful. I have to pay the tree guy as well as pay for the sod tomorrow up front. Also did you guys make any decisions on the things we discussed. Also did the town approve the planting so I can get them in the ground today.

Morning Tom. Hope you had a great vacation. Wanted to touch base. Trees are gone but stumps still remain. We are hoping they come today to grind down? Also wondering when you will start the yard work. Appears the grass killing worked!
