HI Bibe and welcome...very happy to have you aboard.
I am working from home today and will email you the dates you should put into Darren's calendar for reminders in a bit.

When it comes to a contact list, you should ask Darren to provide you with a list of people he will want you to call on a regular basis... pass along the list to me...I will then email you the contact...and if you ever need a number for someone you do not have contact info for, you can always email, text or call me...

Cell: [REDACTED]
Office: [REDACTED]

I always forward the office line to my cell when not at the office or Jeffrey's home, so you should be able to reach me on either number.

thanks, Lesley
