Then I will purchase it with my own money. This is hardly the time to be disturbing Jeffrey with silly things like phones. Furthermore I am wasting time and the longer he is not able to contact me the ore frustrated he will be. And to clarify the first one was stolen

[REDACTED], please call from the store and i will speak to the representative. This is not the first phone that you lost.... How much is a new phone? We should ask JE permission for a new phone or you have to purchase it personally.

Thank you,
Bella
