Subject: Storage in iPhone almost full

Hi James. Hope all is well. I am not going to office today because Jeffrey is coming to town. I think he will be here all next week as well so I won't have an opportunity to work on my new computer at the office until aug 4 possibly!

My cell phone just alerted me that my storage is almost full and I can manage this in my settings. I go to settings and don't know what to do... Can you help? Does this have to do with apps or with emails? Contacts? I don't know. I was updating apps at the time so I thought it might have something to do with them?
Thanks, Lesley
