thanks...! the garage charge is for both coats of paint, correct?

We are hoping you could actually come and paint the 2nd coat either late this Friday or sometime on Sat. or Sun this weekend...Once we move there will be all the items from our current garage in the new garage ...I don't want to move it in then move it out...makes no sense...Can you possibly please come late in the day tomorrow or anytime over the weekend? Please let me know.

I will get check out to you ASAP...please give me your home address to mail them to.
