*Hi Tom...hope you are well. We have been told by our towns Special Permit board that we must submit a landscaping plan to cover/screen the pergola in our yard ...they need to approve it and then we will plant when the time is right (from what I understand this is mid fall?)*

*Could we possibly meet to discuss possibilities for the pergola? A hedge was discussed by the board members or trees...maybe a combo would be nice?*

*Perhaps wisteria or some type of creeping plant (I just don't want it to die in the winter and look ugly.*

*I could meet tomorrow, Thurs. June 26th, or over the weekend.*

*Please let me know.*

*Thanks,* [REDACTED]
