Yes this lax thing came up with no warning. I signed [REDACTED] on Friday to go. Sounds like it will be really a great clinic with all these coaches. Today is for sure cancelled so they are re scheduling for wed. I am not sure if you can sign [REDACTED] till but if you can ow oils try. I know they asked certain kids first and then would open it up to all. You should try. Would be good experience. Changed our move date to July 2/3. Giving myself an extra week at the house since we aren't being flushed out by renters anymore. I have to admit, I am sad to move and feeling nostalgic
