Hey Larry

Sorry to be a pain but this agency is swamped right now. They are all locked up but are still committed to hosting us on the 1st.
Is that date still ok with your group?

Thanks for understanding.

Hey Larry

I hope all is well. Sorry to say but due to their operational requirements they've got a joint operation on the 25th through the end of the month. That's why we're able to lock up June 1.

Will that still work for you guys?

Are you about the inconvenience.

Have a great day

Gentlemen

I know we are still a few weeks out but I thought I would check in to see if June 1st is still a good date for everyone.

I would like to also introduce John Hotz. John covers that region for us and will be facilitating the visit/demo.

Please let us know if your schedule is still good and we will dial in the details.

Thanks and have a great day.

Hey Larry

The Royal Bahama Police are doing joint exercises with the US Customs and the USCG the week of the 17th.

Is there any chance we can do it somewhere between May 25th to the 30th?

FYI The airport they use for both helicopter and fixed wing aircraft is Freeport International Airport. They can handle any size aircraft.

Sorry for the inconvenience.

Hello Scott,
Is the boat that Jeffrey will demo in Nassau Bahamas similar model to the "Coast Gaurd" boat in St Thomas USVI? If I'm not mistaken, STT Coast Gaurd operates a SafeBoat in St Thomas,.

We may arrive via Helicopter or Private Jet, if we bring the Helicopter, is it possible to land at Marina? Is your boat in Nassau closer to Cable Beach? Coordinates would help greatly.

Thx,
Larry

Hi Jeff

I hope you're having a great weekend.
I would like to introduce you to John Hotz. John handles the Bahamas account and has talked to them about getting a demo on their boat. He will be arranging all the details for us.

We have a technician in the Bahamas now doing service on the boat. So just let us know when you're available to travel to the Bahamas so John can arrange the timing.

John is based in the Southeast and can easily meet you there.

John,

Please keep me posted on the progression of the timing.

Thanks and everybody have a great Sunday.

Scott
