Morning Steven and thank you so much for reaching out to me...I am waiting on our architect to 'fine tune' her 'descriptive letter'...I will press on her today. Does this letter need a seal and original signature? or can she email it to me? I could bring you the letter and the form tomorrow in the morning. I have not sent the neighbor letters out (because I need the 'descriptive letter' to go with the form)...but I could go to the post office before coming to see you...I have the survey, pictures and a copy of the sketch  
You need all the above correct? [REDACTED]
