Subject: Window Cleaning

Hi bob...is this good? I don't know how much window cleaning should cost...

Here's what the ladies can do:

\$310 - Interior windows 2nd floor
\$540 - first floor windows and French doors inside and outside.
\$60 - basement inside and outside

Because they don't use the extension ladders, we can't do the 2nd floor exterior which needs to be done. Might make sense to have someone else do that or the whole thing.

Thanks [REDACTED]
