I would want to know what kind of seed is he using? For about 400 bucks more you get hydro seeded at half the price of plant girl. Give me the hydro seeders number I will call him up.

what do you think? Hydro seed for \$3964.61 + tax or regular seed/hay for \$3573?  
OR can your guy/you do this for less Bob?

Hello [REDACTED]

I have attached a proposal to seed and hay the property. It will save you 650.00 and is just as good. The 3974 would be before tax. Either way the builder needs to rake everything perfect for the seeding to go down. Let me know.
