You have very high ceilings. The drop down will make it bigger. Depends how much stuff like luggage and stuff you want to store out there.

what "drop down" range do I order?

Features:
Ceiling Drop Range 12"-21", 18"-33", & 24"-45"

Order two of those. Then get two racks for the floor. We separate the racks and run a piece of plywood between to form a workbench then put a peg board behind to accept tools. Or better yet buy one of those units from Costco. I saw it on the page you sent me.
