**Subject:** Check to Appliance Install guys...

why is the check to Nick Conte \$350 to install the stove and dryer? It was to be \$200 I thought?! Sean at County said we would get a break on the install...Did this guy do something else also? Sean had said it was \$149 per an appliance...but we would get both items installed for \$200 (or maybe \$250 now I can't remember...but \$350 is too much...)
