It should not be a problem getting a cab. I will not be in the office at that time but if he heads back to the security desk, they might be able to call a few cabs. I do have to warn that it's during a Red Sox home game but that might be better for him since most people in the area that cause most of the congestion will be at the game.

Otherwise, if he walks to Children's hospital, cabs go in and out of there constantly. He will get one there. You will see from the map that it's on Longwood Ave.

Thank you for arranging this. We really appreciate it.

Meghan, Jeffrey will come to George tomorrow for the 5:45pm meeting! He will take a taxi there...will he be able to get a taxi back to the Charles Hotel with no problem?

Thank you. It take about 15-20 minutes via car (or taxi). I believe Jeffrey has been here before on a previous visit. Our address is below and I have attached a map of the Longwood Medical Area.

Hi Lesley,

I am sorry, I didn't realize it would be over in Cambridge tomorrow. I thought he was meeting George at his office here. Any way he will be able to head over here. George won't have the time to head over to Harvard.
